

Art Square

When printing the templates, ensure that paper size is set to A4, and scale to 100%

JUNE

This block was published by the Ladies Art Company 1898. It has also been called *Dottie's Choice* or *Village Square*.

A really striking fabric used in the centre square works really well. This version was made with 4 fabrics.

Fabrics

Fabric 1 - Dragonflies.

Fabric 2 - Purple.

Fabric 3 - Yellow.

Fabric 4 - Green.

Cutting instructions

I have used the templates to make this block but if you wish to rotary cut the sizes are marked on the templates in inches.

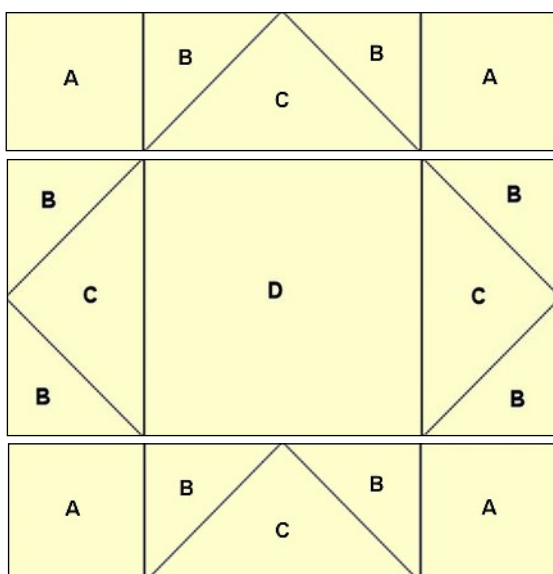

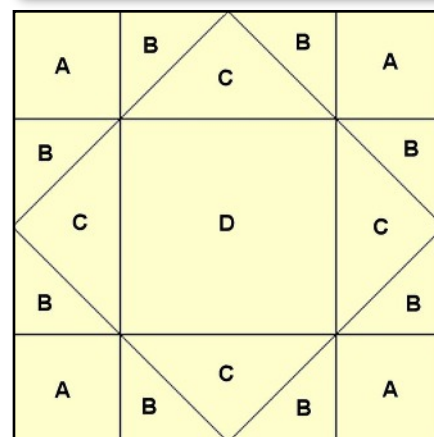

Please note: For rotary cutting, remember to add a $\frac{1}{4}$ " seam allowance to the given sizes.

Fabric 1 - Cut one of template D.

Fabric 2 - Cut eight of Template B.

Fabric 3 - Cut four of template C.

Fabric 4 - Cut four of Template A.

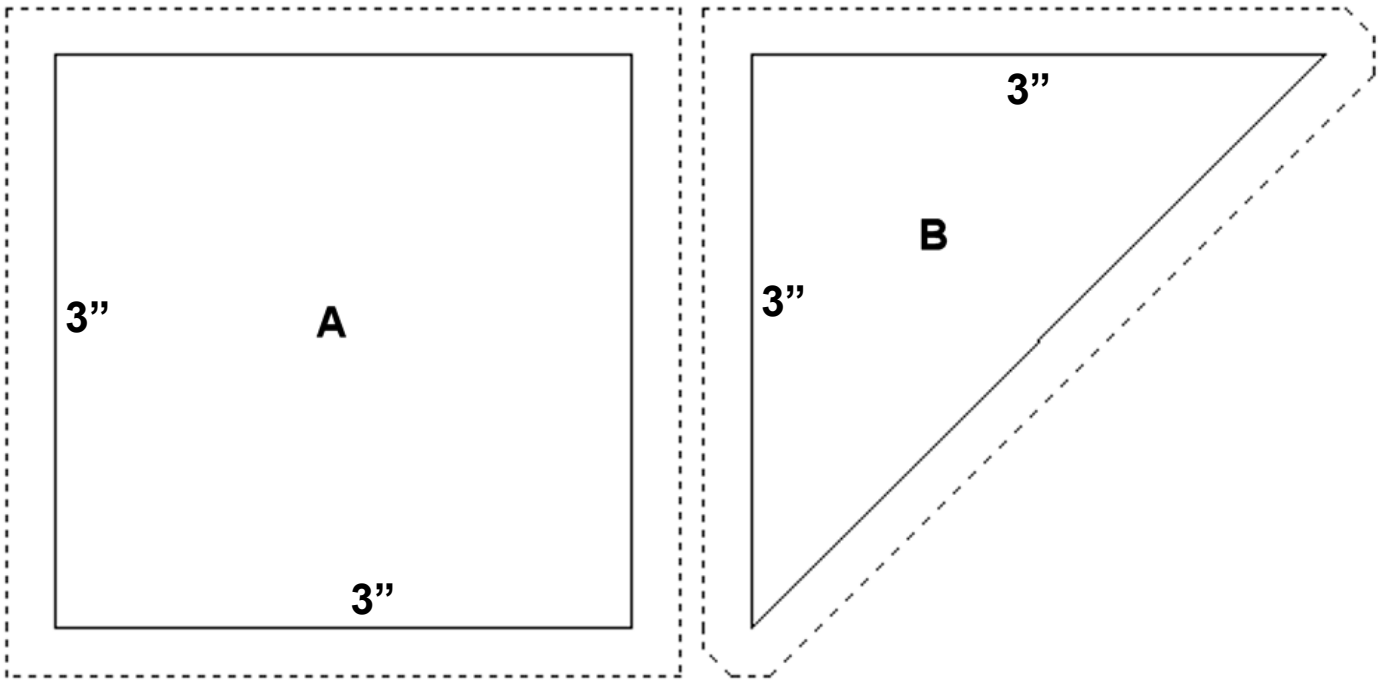

Assembly Instructions

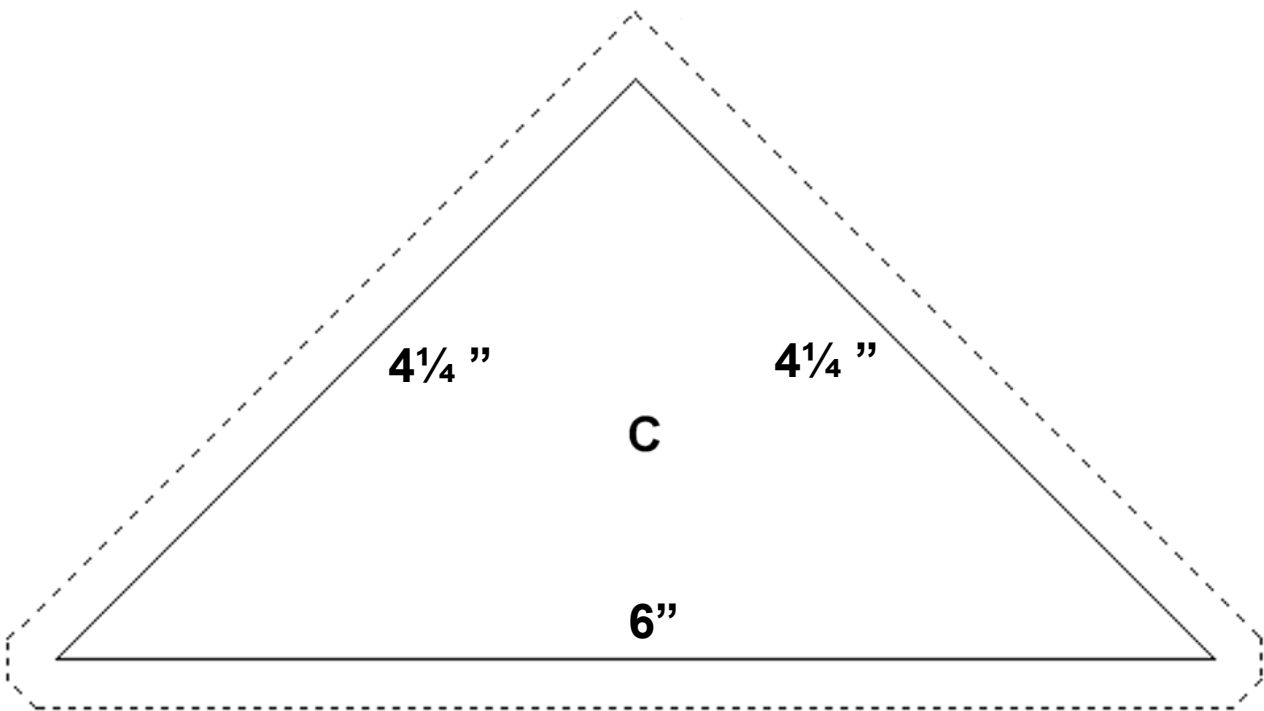

1. Join 2 of Template B to 1 of Template C. Consult diagram for position. Make 4 of these, called rectangle 1.
2. Join 2 of Template A to a rectangle 1. Do this twice. Again consult diagram for placement.
3. Now join 2 rectangle 1 to template D.
4. You should now have 3 pieces as shown here.
5. Now join the 3 pieces together in the order shown. This should give you a $12\frac{1}{2}$ inch block.

All Templates include $\frac{1}{4}$ inch seam allowance.

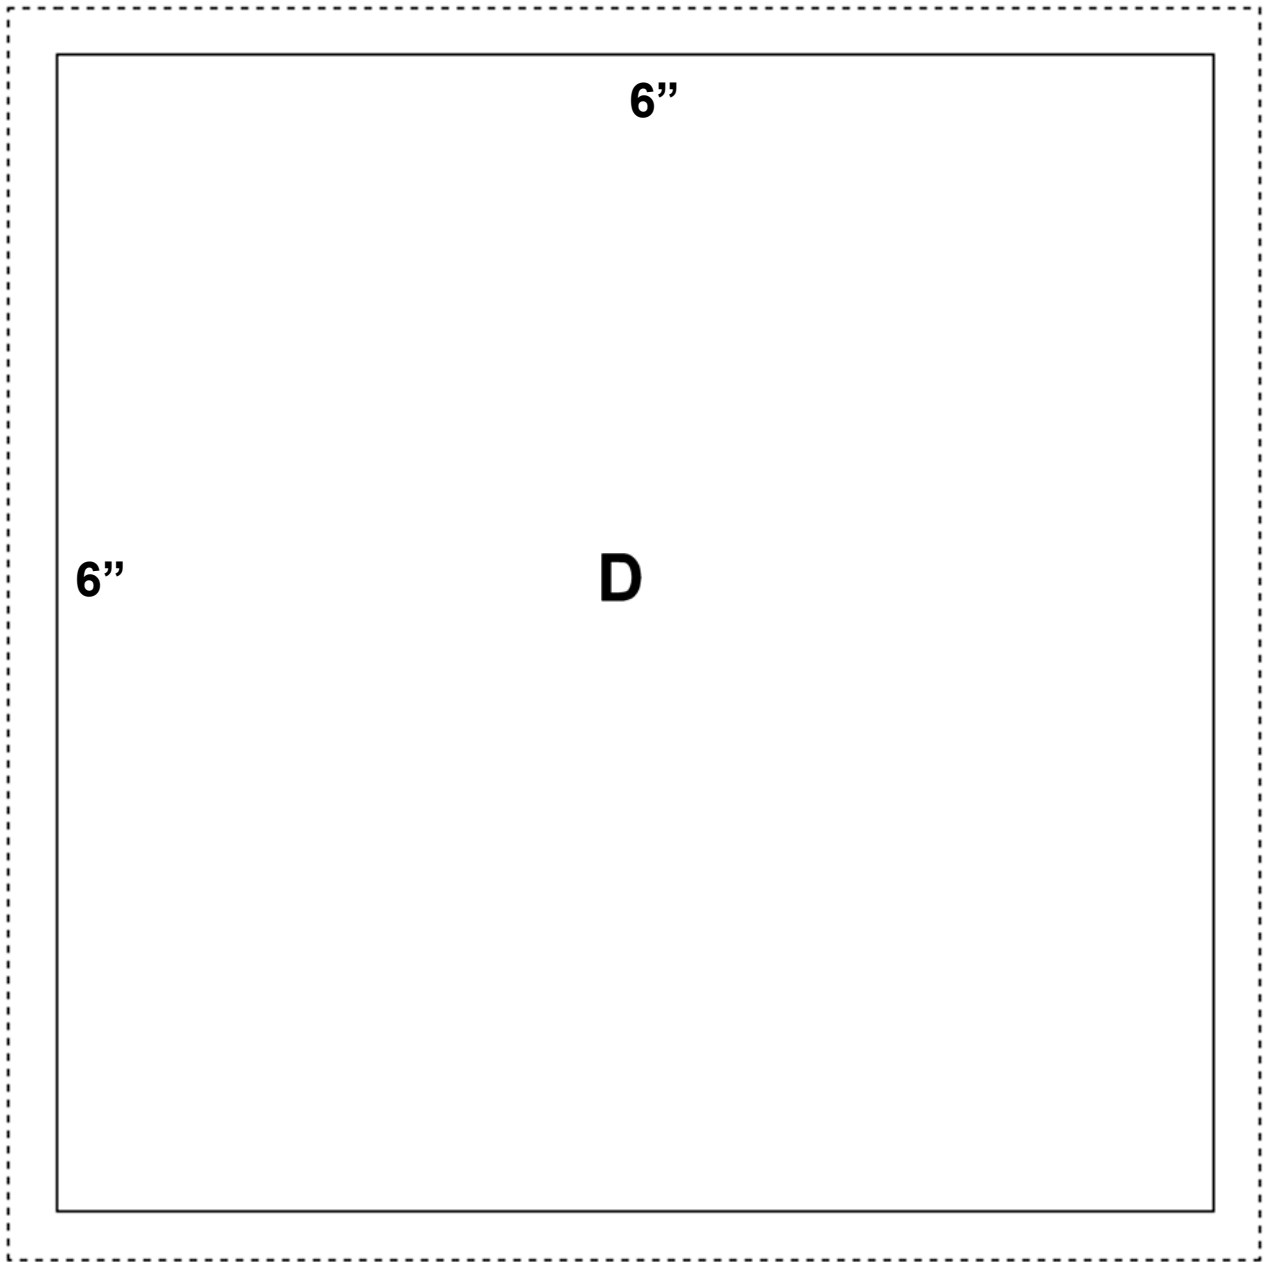

This template should be printed at 100% scale,
with paper size set to A4
